

Celebrating Your July 1st Pay Raise!

SEIU Local 1000 is thrilled to announce that effective July 1st, ALL OF US will receive a 3% General Salary Increase (GSI), thanks to the union contract we fought for. This raise is on top of previous and future increases and will reflect in your August Pay Warrant. It's our collective strength that empowers our Union to enhance our pay and benefits, and together, we must continue to push forward.
